THE COLLEGE

Dr. MGR-Janaki College was the result of the visionary zeal of Smt. Janaki Ramachandran who desired to convert the grounds of Sathya Studio into a College for Women. The college also supports Dr. MGR Higher Secondary School and Home for the Speech and Hearing Impaired at Ramavaram, a noble cause envisioned by the founders. The campus in its sylvan setting is centrally located and well connected by buses from all parts of the city. All facilities like banks, post offices, hospitals and shops are within walking distance from the college. The college is managed by SSPL Charities, the charitable unit of Sathya Studios Private Limited.

Founded in 1996 with just 70 students and 16 faculty members the college is affiliated to the University of Madras. It has grown to the status of a front ranking institution with nearly 4000 students and over 150 faculty members today. At present the college has 14 Under Graduate and 6 Post Graduate Departments.

Our mentors, Dr. M. G. Ramachandran and Smt. Janaki Ramachandran believed that we should create an atmosphere where excellence is the result of diligence on the part of the students. Our college motto is **“Excellence through Diligence”**.

VISION

To fashion competent, cultured, confident young women endowed with noble values that make them a shining star in the family and society.

MISSION

- ❖ To financially empower women by freeing them from economic dependence. Towards achieving this end, the institution has embarked on various job-oriented courses that are in demand in the employment market.
- ❖ To motivate women to look beyond academic qualifications and develop core competencies and attain self-actualization. The knowledge components, the skill sets and attitudinal frameworks are so designed that help women in achieving this.
- ❖ To achieve inclusive education. As part of this goal as well as reflecting Bharat Ratna Dr. MGR's concern for the hearing impaired and physically challenged, the institution integrates as many of such students as possible in the mainstream.
- ❖ To build a gender-neutral society by infusing in students a sense of equality, purpose, accountability, responsibility and personal strength to meet the challenges with stoic courage.

- ❖ To help students become leaders of tall standing, serving and building the society. By setting rigorous academic standards and giving students the support they need to meet those standards, the institution enables them to unlock their potentials and discover their own capabilities which provide them with the required confidence to lead.
- ❖ To develop well-rounded personalities through innovative and robust curricula. Learning to learn is the focus of the institution and not merely training for any specific vocation. Learning at the institution is an experience in itself.
